

Orthodox Word Podcast

Annunciation Greek Orthodox Church hosts the Orthodox Word Podcast, your source for the daily scriptural readings of the Holy Orthodox Church. Each daily podcast also includes the hymns and readings from the Synaxarion for the Saints or Feast Day.

What is a "Podcast?"

A Podcast is like a recorded radio show that can be downloaded from the Internet. Unlike streaming media over the Internet, podcasts are usually downloaded to a user's computer for later listening. Using special software, you can "subscribe" to a podcast and new episodes will automatically be downloaded to your computer. If you use an Apple iPod portable music player, new episodes can also be automatically transferred to your iPod so you can listen to a podcast when away from your computer.

How Can I Hear The Orthodox Word Podcast?

If you want each daily episode to be automatically downloaded to your computer so you can listen to it later on your computer or on your iPod, iPhone, or other portable mp3 player, you must download iTunes. The Orthodox Word Podcast can be found in the iTunes Music Store by searching for "Orthodox Word."

If you already have iTunes installed you can click here to subscribe:

If you use other Podcast software, the rss feed for the podcast is
